

# Aftercare Advice

Thank you for your purchase. The range is designed to be versatile, durable and life-like in both texture and range of movement.

TLT work closely with a UK designer and medical manufacturer to ensure that our products are produced to the highest standard using the best materials.

This leaflet provides important aftercare advice.

Please read before using the range and ensure that your colleagues and learners have access to the information contained in this leaflet.

### **PTU 1 TLT Tilly Head**

The TLT Tilly Head is a very versatile tool that can be used in a multitude of ways for learners studying at all levels and can be used for Facials, Hopi Ear Candle, Indian Head Massage, Auricular Therapy, Lash Application and the TLT Tilly Head forms an attachment for our extensive range of training masks.

Using the TLT UV Mapping tools the TLT Tilly Head when working with Micro-current for the non-surgical face lifting techniques, positioning of the probe for accurate muscle identification, that on a live model will stimulate contraction and lift where accuracy is paramount in the treatment application.

The TLT UV tools can also be used for Face Mapping, Pressure Point location and Auricular Therapy.

### **PTU 2 TLT Electrolysis Probing Mask**

The TLT PTU Probing mask is an excellent tool, enabling learners to perfect their electrolysis probing techniques. This mask will help needle phobic learners to overcome any nerves or apprehensions, whilst gaining confidence when performing electrolysis on a live model.

The TLT PTU Probing mask has a life-like skin. The hair follicles found on the probing mask have varying size openings and density as found on a live model, which will increase the learners ability to improve their probing techniques, to building confidence critical to reduce client discomfort and scarring.

The TLT PTU Probing mask is an excellent aid for the intricate skills required for micro needling to build confidence and dexterity.

### **PTU 3 Underarm/Bikini Probing Pad**

The unique TLT PTU Underarm and Bikini Probing Pad illustrations the hair growth pattern found in these intimate areas and can be used on the stand provided or placed over the clothing of a live model, which allows the learner to position their client, their equipment and themselves, as a confidence enhancer, prior to working with current directly onto the client's skin. Accuracy when probing these delicate areas is crucial to reduce client discomfort and scarring.

## PTU 4, 5, 6 TLT Make-Up Masks

The TLT PTU Make-up masks are very diverse and are available in three skin tones, light, medium and dark. The TLT PTU Make-up mask is particularly beneficial to the theatrical and media make-up learner in creating a 3D mood board. Often the demand on the make-up artist to produce an intricate and elaborate design includes the use of prosthetics and is an excellent tool for the intricate work of prosthetic application, from casualty wounds, animation, aliens, special effects, whatever the task, the TLT PTU Make-up mask will provide the blank canvas for the learner to work through developing these skills.

When given a design brief, the interpretation can vary. By using the TLT PTU Make-up mask this enables the learner/ make-up artist to bring to life their vision and if necessary make amendments in line with the design brief. The TLT PTU Make-up mask can also act as an excellent support in building a portfolio to demonstrate flair, creativity and the skills of the learner to a potential employer.

The TLT PTU Make-up masks are suitable for learners working at all levels studying make-up, face painting and design. The use of the TLT PTU Make-up mask in the classroom ensures that every learner is fully engaged and able to work imaginatively, whether it is to create a day, evening, bridal, photographic or fantasy make-up image.

The colour range of the TLT PTU make-up masks allows learners to be adventurous with colour on all skin tones and to perfect their application technique and is the perfect tool when studying airbrush make-up.

Using the TLT PTU Make-up mask as a prop, these skills and intricate designs can be perfected then translated onto a live model. For full cleaning instructions when using above techniques please see our leaflet for cleaning.

## PTU 7 TLT Hand and Arm

The TLT PTU Hand and Arm is suitable for learners working at all levels.

The TLT PTU Hand and Arm can be used to practise massage techniques and also can be used as the foundation for a range of hand and nail treatments. The finger nail bed can be used for the full manicure service. However, when perfecting any nail painting, nail art, nail polish, gel polish or artificial nail techniques on the TLT PTU Fingers, a false nail Tip **MUST** always be applied to the nail bed, as Acetone and nail polish remover **MUST NOT BE** used directly onto the TLT PTU as this will cause damage. The TLT PTU Fingers should not be over-extended as this may cause damage and discomfort as with a live model.

## PTU 8 TLT Foot and Leg

The TLT PTU Foot and Leg is suitable for learners working at all levels.

The TLT PTU Foot and Leg can be used to practise massage techniques and can be used as the foundation for a range of foot and nail treatments. The toe nail bed can be used for the full pedicure service. However, when perfecting any nail painting, nail polish, nail art, gel polish or artificial nail techniques on the TLT PTU Toes, a false nail Tip **MUST** always be applied to the nail bed, as Acetone and nail polish remover **MUST NOT BE** used directly onto the TLT PTU. The TLT PTU Toes should not be over-extended as with a live model this could cause them damage and discomfort.

The TLT PTU Foot and Leg is excellent for learners working towards Reflexology. When using the TLT unique UV mapping tools to illustrate where the learners hands are, thus ensuring your learners are accurately pinpointing the correct zones and pressure points in relationship to the body map.

## **PTU 13 TLT Skin Tag Removal Pad**

The unique TLT PTU Skin Tag Removal Pad gives the learner an opportunity to develop the skills required for this advanced treatment.

When working on a live model confidence and precision is vital, thus making the TLT PTU Skin Tag Pad a must have invaluable aid to the learning environment.

The PTU Skin Tag Removal Pad comes on a stand which can be reused, however when all of the Skin Tags have been removed from the a new Skin Pad can be purchased.

## **PTU 14 TLT Eyes and Lips**

The TLT PTU detachable eyes and lips are designed for the study of semi permanent make-up. The intricate application of eyebrow tattooing, eye liner, lip liner and eye enhancement requires many hours of practise before confidently working on a live model.

The TLT PTU14 has a selection of eye and lip shapes as seen on a live model, allowing the learner to adapt their

skills to suit the individual. The TLT PTU 14 is essential for this advanced level training.

Please Note: Please use a non waterproof product such as liquid eyeliner, lip liner or water based face paint, which can be cleansed using a standard eye make-up remover, cleansing wipe or simple soapy water.

Please DO NOT APPLY the permanent ink that is used in this treatment as this will stain the PTU, which will not be reusable.

The TLT PTU Eyes and Lips are designed to fit into the TLT PTU Tilly Head Mask and can only be used in this way. We recommend the use of an anti-bacterial wipe to prevent cross infection before and after every use.

## **TLT PTU Deluxe Bag**

The TLT Deluxe PTU Bag is ideal for the safe storage of the TLT PTU range. The bag is also a useful means of transporting the aids around minimising the risk of loss or damage.
